19	DCS	Provide Community Support and Address Economic Impacts	Services for the at-risk and homeless	Negative Economic Impacts	Housing Support: Services for Unhoused Persons	HONU Transition and Stabilization - Second HONU Site	This request is for supplemental funding to operate two separate HONU operations, the first of which is being funded by a combination of State Ohana Zones monies and FRF funding. These projects periodically move every 90 days addressing different areas of the island. By having two HONU's, the plan would be to have one located in the urban core between Kalihi and East O'ahu, and one moving outside of the urban core. This roughly aligns with the distribution of unsheltered individuals in the 2023 O'ahu Point in Time Count (PIT). At HONU, individuals/households are provided temporary accommodations, at least one meal a day, access to hygiene services (laundry/showers), housing navigation services, as well as connected with case management and other services to gain access to housing/shelter. Beyond servicing program participants, HONU has also been successful in building and organizing community support for unsheltered persons/households. A tool against NIMBY, DCS continues to receive positive feedback from the communities which have hosted the HONU program and repeatedly receives requests for the program to return to their communities. This paves the way for service providers and new permanent service facilities in the community – hygiene centers, shelters, supportive housing, medical respite, etc.	3,626,792.00	-	-	14	
20	DCS	Provide Community Support and Address Economic Impacts	Services for the at-risk and homeless	Negative Economic Impacts	Housing Support: Services for Unhoused Persons	HONU Transition and Stabilization - Project Expansion	To fund 6 months of supplemental costs, from January 1, 2023 through June 30, 2023, that will be incurred by DCS for HONU operations. These costs are program costs currently for community service workers, community service specialists, HPD special duty officers, DCS planners and current expenses such as hygiene trailer operations, supplies, meals and fuel, that are not in DCS' operating budget.	2,285,525.00	143,651.54	-	18	-
21	DCS	Provide Community Support and Address Economic Impacts	Aid to Businesses/Non-Profits	Negative Economic Impacts	Aid to Nonprofit Organizations	Relief for Nonprofits - T2	Providing financial assistance to nonprofits to mitigate financial hardship brought on by the pandemic. Based on recent surveys done by HANO and AUW that indicate between 26% and 29% of nonprofits incurred a financial loss during the pandemic, as many as 1,500 nonprofits (based on an estimated 5,360 Oahu nonprofits) need assistance. Aloha United Way and Hawaii Community Foundation have reported to DCS that charitable giving/donations have been down due to the current state of the economy.	10,000,000.00	-	-	6	-
22	DCS	Support an Equitable Recovery and Economic Development	Affordable Housing	Negative Economic Impacts	Housing Support: Affordable Housing	Funding Affordable Housing on O'ahu	The City will be providing funding to undertake the creation and preservation of affordable rental housing through rehabilitation and/or new construction. Priority will be given to proposals seeking to expand housing opportunities for homeless individuals and families. Providing habitable, affordable housing to low-income, homeless, and special needs populations directly and indirectly addresses impacts of the COVID-19 pandemic, e.g., promoting sanitary, non-congregate living conditions and maintaining an affordable housing inventory for households experiencing negative economic impacts.	20,000,000.00	-	-	45	-
23	DCS	Provide Community Support and Address Economic Impacts	Aid to Business/Non-Profits	Negative Economic Impacts	Aid to Nonprofits	Relief for Nonprofits	This request is aligned with FRF project category 'Negative Economic Impact' by providing financial assistance to nonprofits to mitigate financial hardship brought on by the pandemic. Based on recent surveys done by HANO and AUW that indicate between 26% and 29% of nonprofits incurred a financial loss during the pandemic, as many as 1,500 nonprofits (based on an estimated 5,360 Oahu nonprofits) need assistance. Where charitable giving has serves as a resource for non-profit resiliency, both Aloha United Way and Hawaii Community Foundation have reported to DCS that charitable giving/donations have been down due to the current state of the economy.	20,000,000.00	4,000,418.30	-	11	15
24	DCS	Provide Community Support and Address Economic Impacts	Services for the at-risk homeless	Negative Economic Impacts	Housing Support: Services for Unhoused Persons	HONU Transition and Stabilization	Seven months of funding of supplemental costs that will be incurred by DCS when HONU operations are transferred from HPD. These costs are program costs currently being absorbed by HPD's operating budget, that are not included in the HONU's state grant, or in DCS' operating budget. From December 2021 thru June 2022, Honolulu will lose access to shelter space for 340 individuals (Ulu Ke Kukui - 80, Family Assessment Center - 60, and Next Step Shelter - 200) leaving a sizeable gap in shelter alternatives for unhoused persons, so it is imperative that the HONU remain in operation and for the transfer to occur seamlessly to keep this option available.	332,597.00	-	-	20	
25	DCS	Provide community support and address economic impacts	Services for the at-risk and homeless	Negative Economic Impacts	Housing Support: Other Housing Assistance	HONU Transition and Stabilization (replaced with a new grant)	To fund the projected shortfall in funding for the Homeless Outreach and Navigation for Unsheltered Persons (HONU) as it transitions from HPD to DCS.	-	-	-	18

28	DDC	Modernize City Operations	Other Operations - Not Salary or Systems	Revenue Replacement	Provision of Government Services	Early Education Center Mobile Restroom Acquisition	Funding would be used for the acquisition of two mobile restroom facilities to support the relocated Early Education Center. This temporary Early Education Center ensures there is no disruption of child care services to the community while the existing Early Education Center above the Civic Center Parking Structure is being rebuilt. This is necessary due to the reconstruction project planned for the Civic Center Parking Structure.	450,000.00	-	-	6	-

29	DDC	Support an Equitable Recovery and Economic Development	Family, Children and Elderly Supports	Revenue Replacement	Provision of Government Services	Relocation of Early Education Center - Moving Expenses	The Relocation of the Early Education Center is multi-phase project being executed in an exceptionally short timetable; approximately 12 months. The project is divided into three main phases: (1) relocation of existing city staff from the Mission Memorial building and Municipal Reference Center, (2) design and construction of facility improvements to comply with code requirements to allow for use as a temporary early education center and, (3) relocation of the Early Education Center assets. The City Auditor reported that 8 of the 19 CSRs are the primary support for 2 to 8 agencies each, while the ideal is one or more CSR per department. 114	MAY-OER	Modernize City Operations	Operating budget - Personnel	Revenue Replacement	Provision of Government Services	Personnel: Film Office	To hire a temporary film permitting specialist in the Honolulu Film Office, who would support the permitting and regulatory efforts duties done by the film office. A strong increase in the amount of film production work that will occur between August 1, 2022 and December 15, 2022 at the same time the staffing will be reduced from 2 people to 1 person. An important part of the city’s pandemic economic recovery plan encouraged job creation and creating opportunities for local businesses. The film industry was identified as ideal to attract as each large-scale project that filmed on-island would create hundreds of jobs and infuse a significant amount of money into the economy. There is an urgent need to provide this temporary manpower to ensure the proper administration of the workload that includes coordination between city departments, and management and oversight of the on-the-ground production activity on city property to balance the needs of production and its impact to the general public.	34,987.05	30,946.37	-	8	

115	MAY-OER	Provide Community Support and Address Economic Impacts	Aid to Households	Negative Economic Impacts	Household Assistance: Cash Transfers	Rental and Utility Relief Program (RURP)	To fund rental and utility relief for an estimated 5,251 Oahu households (1,753 new households and 3,498 recertifying households) impacted during the COVID-19 pandemic. There is an urgent need as current ERA funding for the RURP is sufficient to fund only applications submitted through the end of June 30 when the application portal closes. The requested funding would allow the City to re-open the portal for one week in August and one week in September to fund eligible households through December 2022 (as prospective rent is paid up to three months in the future). This extension would also provide more time for the City to establish housing stability services using ERA funds to serve RURP households. Additionally, through housing stability services case management and other subcontracts, RURP households will be connected to jobs and job training through the American Jobs Center. The end of the relief period through December 2022 would also coincide with the planned start of Oahu Back to Work job training in January 2023. In the event the City receives additional reallocated ERA funding, OER could return an equal amount of funding back to the SLFRF.	31,221,625.28	30,397,682.02	823,943.26	12

**Fiscal Recovery Fund Procurement Request: Summary Reports**  
**Approved & Closed - as of June 28, 2023**

Department	Recovery Plan Category	Recovery Plan Subcategory	FRF Expend Category	FRF Expend Subcategory	Project Name	Project Description	Approved Amount	Expended	Encumbered	Months	Days
1 MAY-OER	Support an Equitable Recovery and Economic Development	Agriculture and Food Sustainability	Negative Economic Impacts	Aid to Other Impacted Industries	Food System Grant	The Food System Grant Program will support the ongoing recovery and build stronger infrastructure by investing in a sector where the City and County of Honolulu's SLFRF funds will have a tremendous positive impact. It will also maximize the financial and system-wide advantages of a new grant program built on best practices that have been proven throughout the U.S. and build lasting connections across Oahu's entire food system that create a more resilient, food secure future for local families and businesses. The competitive grant, up to \$2 million per award, will fund organizations that make up a food value chain with a total of \$7 million in available funds. A food value chain is made up of food producers (farmer, rancher, fisherman) and a distributor or manufacturer.	8,000,000.00	-	-	14	
2 DCS	Provide Community Support and Address Economic Impacts	Services for the at-risk and homeless	Negative Economic Impacts	Housing Support: Services for Unhoused Persons	HONU Transition and Stabilization - Second HONU Site	This request is for supplemental funding to operate two separate HONU operations, the first of which is being funded by a combination of State Ohana Zones monies and FRF funding. These projects periodically move every 90 days addressing different areas of the island. By having two HONU's, the plan would be to have one located in the urban core between Kalihi and East O'ahu, and one moving outside of the urban core. This roughly aligns with the distribution of unsheltered individuals in the 2023 O'ahu Point in Time Count (PIT). At HONU, individuals/households are provided temporary accommodations, at least one meal a day, access to hygiene services (laundry/showers), housing navigation services, as well as connected with case management and other services to gain access to housing/shelter. Beyond servicing program participants, HONU has also been successful in building and organizing community support for unsheltered persons/households. A tool against NIMBY, DCS continues to receive positive feedback from the communities which have hosted the HONU program and repeatedly receives requests for the program to return to their communities. This paves the way for service providers and new permanent service facilities in the community – hygiene centers, shelters, supportive housing, medical respite, etc.	3,626,792.00	-	-	14	
3 DIT	Modernize City Operations	Other Operations - Not Salary or Systems	Revenue Replacement	Provision of Government Services	Chinatown - Downtown Security Cameras	Provide related equipment to install new security cameras at City intersections located in Chinatown and Downtown, including but not limited to the following locations: N. Hotel St./Fort Street Mall, N. Hotel St./Bethel St., N. Hotel St./Nuuanu Ave., N. Hotel St./Smith St., N. Hotel St./Maunakea St., N. Hotel St./Kekaulike St., N. Hotel St./River St., Pauahi St./River/St., Pauahi St./Maunakea St., Pauahi St./Smith St., N. King St./River St., N. King St./Kekaulike St., N. King St./Maunakea St., N. King St./Smith St., S. King St./Nuuanu Ave., S. King St./Bethel St. as advised by the Honolulu Police Department. This request supplements a previous \$575,000 of FY23 operating funds allocated for Chinatown/Downtown Cameras. In total 52 cameras are planned for Chinatown/Downtown when completed.	250,000.00	-	-	16	
4 ESD	Invest in Critical Island Infrastructure	Water	Infrastructure	Water and Sewer: Other	One Water Climate Change Adaptation Framework and Projects Plan	The project will develop an interagency One Water Plan, including the framework for collaboration; new practices for projects development and joint budgeting for regional infrastructure to address climate change adaptation pathways; policy needs and proposals to meet both State and City plans and regulations. It will identify priority projects and/or geographically specific planning areas and develop scopes and conceptual designs for projects/integrated infrastructure in targeted geographic regions. IT includes development of cost estimates for identified projects; and, investigation and recommendations for federal funding opportunities and/or City budgeting strategy to implement the One Water plan and meet climate change adaptation needs.	4,000,000.00	-	-	32	
5 MAY-OCCSR	Modernize City Operations	City Systems Improvements	Revenue Replacement	Provision of Government Services	Fleet Modernization Data	This request covers both hardware and personnel in order to analyze the City's fleet usage to support fleet modernization efforts. Funds will be used to procure hardware in the form of telematic devices to understand fleet usage and operational needs in order to efficiently transform the fleet. Funds will also support personnel to manage City fleet data systems to modernize and electrify the City fleet resulting in cost savings and performance benefits across City agencies. Increased data from telematics will help to assess key factors such as: the range that vehicles need to be capable of providing in order to meet the operational needs of the owning agency, quantity and frequency of charging needed to plan fleet charging infrastructure without overbuilding, and also, confirm the optimal number of vehicles needed at a given site in order to assure operational needs are met while also maintaining overall fleet efficiency. Personnel will work on the following such items: work with DFM AES on delivery of telematics, analyze data results to inform fleet planning, update a fleet information tool to communicate effectively across City agencies regarding fleet modernization and electrification, annual fleet reporting, and support delivery of motorpool and other shared fleet technologies to reduce overall new vehicle purchases.	367,822.37	-	-	17	
6 DPR	Modernize City Operations	Other Operations - Not Salary or Systems	Revenue Replacement	Provision of Government Services	Hoa Aloha Dog Park	Establish a dog park at Hoa Aloha NP. Located in the community of Salt Lake, Hoa Aloha NP is surrounded by low and high-rise apartments. With limited open space, residents rely on Hoa Aloha NP as a place to exercise and socialize with their dogs. Without a dedicated dog park, dogs must remain on leash and are restricted in their ability to exercise and socialize with other dogs. The dog park will consist of a fenced area within Hoa Aloha NP with access gates and a service gate. Within the dog park there will be separate enclosures for large and small dogs, benches and a new water line will be installed to service a new drinking fountain with concrete pad.	200,000.00	-	-	13	
7 MAY-OER	Provide Community Support and Address Economic Impacts	Aid to Households	Negative Economic Impacts	Household Assitance: Food Program	Food Security Fund	The purpose of this funding request is to provide financial support to organizations providing food access to communities impacted by COVID-19. Awards will be made through an application process. The proposed solution will create two funds, one for Food Reimbursements and one for Food Access Recovery. Food Reimbursements will provide funding for food distribution agencies to apply for reimbursements for locally grown or produced food. Food Access Recovery seeks to lay a foundation for longer term food access projects. This could include implementation of community gardens, SNAP Double Up programs, and reconnecting our kupuna feeding programs to indigenous foods. \$1,000,000 will be used across both funding pools. We will contract an external agency to run the grant program, which will capture the number of community members served by zip code for the amount of food each organization is reimbursed. We will also collect data on the type of local food disbursed, the number of gardens created, and the total pounds of food purchased, grown, and consumed by food insecure residents.	1,000,000.00	-	-	38	
8 DLM	Support an Equitable Recovery and Economic Development	Affordable Housing	Revenue Replacement	Provision of Government Services	Expert due diligence/property management	This is request to retain, via either a request for qualifications or a request for proposals, a real estate brokerage firm on a master services agreement to provide expert due diligence/property management support to DLM. The funding request is based on estimates from CBRE commercial real estate firm, which provided estimates of \$6,000 - \$8,000 per building depending on the size for a property condition report. DLM staff has limited experience with sophisticated real estate transactions and given the City's increasing residential real estate portfolio and aggressive acquisition plans, sufficient funding is critical to retain the necessary due diligence and property management support.	500,000.00	-	-		-
9 MAY-OER	Provide Community Support and Address Economic Impacts	Aid to Households	Negative Economic Impacts	Household Assistance: Cash Transfers	Rental and Utility Relief Program (RURP) - T2	To fund rental and utility relief for an estimated 5,600 Oahu households still impacted by the pandemic. 12 DCS	Provide Community Support and Address Economic Impacts	Aid to Businesses/Non-Profits	Negative Economic Impacts	Aid to Nonprofit Organizations	Relief for Nonprofits - T2	Providing financial assistance to nonprofits to mitigate financial hardship brought on by the pandemic. There is a dire need for this position to widely coordinate a program that works with law enforcement and prosecuting attorneys to address criminal activity, habitual crimes, and violent acts in Waikiki. There is also an urgent need to gather information on the mitigation and diversion opportunities for mentoring, job skills training, second-chance employment, and at-risk youth groups that exist or could be developed in the Waikiki community.	100,000.00	-	100,000.00	12	-

This request provides for a salary ceiling of \$150k, per annum, and \$166,380 in fringe. None of the existing staff have experience with sophisticated real estate transactions. The requested funding would allow the City to re-open the portal for one week in August and one week in September to fund eligible households through December 2022 (as prospective rent is paid up to three months in the future). This extension would also provide more time for the City to establish housing stability services using ERA funds to serve RURP households. Additionally, through housing stability services case management and other subcontracts, RURP households will be connected to jobs and job training through the American Jobs Center. The end of the relief period through December 2022 would also coincide with the planned start of Oahu Back to Work job training in January 2023.
